

Rationalisation of legacy systems & metadata migration to supported repositories
Technology Transformation & LST infrastructure procurement, implementation and metadata migration

Activities	Activities are positioned based on the year in which peak period of effort is estimated. Size and position are not indicative of actual project timeframes or effort required.
Reviews	Reviews to be undertaken prior to formulation of business cases/annual implementation plans
Milestones	Milestones show key capabilities and the year in which they are aspired to be achieved.
Outcomes	Outcomes from planned activities at the end of the strategy period

*DAMPS=Digital Asset Management & Preservation System; *FAST= Faceted Access to Subject Terminology; *IAMS=Integrated Archives & Manuscripts System; *PLR=Public Lending Rights; *SAMI=Sound & Moving Images System; *SOS=Save Our Sounds
